

# September News

## What's Happening This Month

- Sept. 6: Back to school night
- Sept. 20: PTM meeting
- Sept. 26: Family Coffee Chat
- Oct. 5: Fun Run

## A Note From Mrs. Van Vleet

I am excited to be helping your child on their quest for knowledge, and I look forward to getting to know you in the year ahead of us. Please do not hesitate to contact me. My email is [rebecca\\_van\\_vleet@Beaverton.k12.or.us](mailto:rebecca_van_vleet@Beaverton.k12.or.us).

## A Peek At What We Are Learning

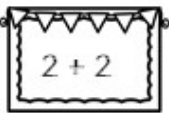

Reading

We are growing as readers through learning different skills that will help us read smoothly.

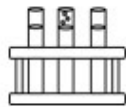

Writing

We will be using our creative minds to explore the world of writing. After, we will begin opinion writing.

Math

We are going to learn about our role as mathematicians and build our number sense through sorting and organizing.

Science

For science we will be doing some engineering activities, and make some observations on the seasonal changes.

Inquiry

We will be inquiring into "Who we are?" and how we can better regulate our bodies and handle problems.

## Homework

- Please encourage your child to read 30 mins daily! 😊
